

**VILLAGE OF TARRYTOWN
BOARD OF TRUSTEES
WORK SESSION 6:00 P.M.
WEDNESDAY, OCTOBER 11, 2023
Tarrytown Village Hall
One Depot Plaza, Tarrytown, New York**

Members of the public may attend in person or remotely. For those members of the public interested in viewing the meeting remotely visit:
<https://www.tarrytownny.gov/home/events/42151> or instructions on how to view via Zoom.

Open Session

1. Board of Trustees Concerns
2. IMA – Joint Application with Town of Greenburgh for Stormwater Flood Remediation Project
3. Discussion – Public Hearings
 - A. Zoning Code Amendments regarding Yard Setbacks for Certain Structures
 - B. Parking Fund Requirement
 - C. Amend Code Language Regarding Grasses and Other Plants that are Allowed Between Curb and Sidewalks
 - D. Amend Code by Adding Private Roads to the List of Properties that Must be Maintained
4. Grants
5. Street Closure for Winter Stroll
6. Hourly Rate for Fire Department Snow Watch
7. Change Order for Water Meter Contract
8. Senior Shuttle Bus

Executive Session

- A. Collective Bargaining
- B. Real Estate Lease Negotiations
- C. Real Estate License Negotiations
- D. Social Media Policy
- E. Climate Action Plan Committee

3A
B

LOCAL LAW __ - 2023

A local law to amend Chapter 305 of the Tarrytown Code, entitled "Zoning" to: (1) amend Section 47 to add new exemptions to the Yard requirements for mechanical equipment and certain other structures; (2) to amend Section 63 regarding the parking fund payment requirement to exempt the RR (Restricted Retail) Zone applicant from having to obtain a variance when the Planning Board requires payment in the parking fund.

Be it enacted by the Village Board of the Village of Tarrytown as follows:

Section 1. Legislative Intent

The purpose of these Zoning Code amendments is to simplify the land use process for certain types of improvements and to potentially proceed without the need for Zoning Board of Appeals approval, which will reduce costs and the burden upon property owners. Regarding the yard setback amendment, the purpose is to allow certain minor improvement to be sited within the setbacks, which may potentially reduce the need for residential property owners to seek variances for such minor improvements, but to still require a minimum 3-foot setback for these improvements. Regarding the parking fund amendment, the purpose is to establish that the where the Planning Board requires payment into the parking fund with respect to a property in the RR Restricted Retail Zone (or where the Building Inspector waives site plan approval), the applicant need not also have to obtain a variance for parking from the Zoning Board of Appeal, which will reduce the burden on proposed businesses in the RR Restricted Retail Zone but still ensure a process remains through the Planning Board for payment in lieu of parking.

Section 2. Amending Section 305-47 entitled "Yards, setbacks", Subsection B to add additional permitted exceptions to obstructions in yard for certain mechanical equipment and sheds as follows (language in **Bold and Underlined** to be added, language in ~~**Strikethrough and bold and underlined**~~ to be deleted):

§ 305-47 **Yards; setbacks.**

- A. Yard for every building. No part of a required yard or other open space provided about any building or on any lot for the purpose of complying with the provisions of this chapter shall be included as any part of the required yard or open space for any other building or any other lot.
- B. Obstructions in yards. No building, paving, parking, structures or any use whatsoever or any projection from buildings or structures on any site in any district shall be permitted in a required yard (principal or accessory), except as follows:

3A, B

- (1) Entrance and exit roads, driveways, sidewalks, drainage structures and other utilities may be permitted in a required yard if approved by the Planning Board in the process of site plan or subdivision review and approval.
- (2) Cornices, canopies, eaves or any similar features, none of which is less than 10 feet above grade, may extend three feet.
- (3) Uncovered front stairs and landings connected to the primary structure may extend a maximum of five feet into the required front yard.
- (4) An open fire escape may extend four feet, but no required fire escape on any structure shall be constructed on the front or any side thereof which faces on a street or be roofed over or enclosed.
- (5) A terrace or uncovered porch or deck with its floor level no higher than that of the main entrance to the building may extend six feet but, in the case of a side yard, not nearer than six feet to any side lot line. A railing no higher than 42 inches may be placed around any such terrace or porch.
- (6) A chimney may extend two feet.
- (7) A fence or wall no higher than six feet may be placed on any property, subject to the additional restrictions in Subsection D. Barbed wire shall be prohibited in the Village of Tarrytown.

(8) Mechanical equipment for providing heating and/or cooling for a residential dwelling provided the equipment, which does not include a generator, complies with the following:

- (a) the equipment shall not exceed 12 square feet and shall not be located in the front yard nor be nearer than 3 feet to any side or rear lot line;**
- (b) the equipment shall not discharge any air onto an adjacent property; and**
- (c) the equipment shall not emit noise exceeding 62 decibels at the 1 foot from the unit.**

(9) Sheds/toolhouses and child's playhouse not within the front yard and not nearer than three feet to any side or rear lot line provided the shed/toolhouse and child's playhouse complies the following:

- (a) They not exceed 100 square feet; and**
- (b) They not be higher than 12 feet.**

10) Side or rear stairs no higher than grade level and attached to the principal building provided they are not nearer to any side or rear lot line than 3-feet.

3A
B

Section 3. Amending Section 305-63 entitled "Off Street parking and loading", Subsection C(7)(d) to provide that where the Planning Board requires a monetary contribution to the parking fund, the applicant shall not also be required to seek a variance for parking from the Zoning Board of Appeals as follows (language in **Bold and Underlined** to be added, language in ~~**Strikethrough and bold and underlined**~~ to be deleted):

C. Location, use, design, construction and maintenance of parking and loading facilities.

- (1) Location. Required parking and loading spaces shall be provided upon the same lot as the use or structure to which they are accessory, except that off-street parking spaces required for structures or land uses on two or more adjacent lots may be provided in a single common facility on one or more of said lots, provided that a legal instrument, satisfactory to the Village Attorney, assures the continued existence of the parking facility to serve said structures or land uses as long as they may exist. Such agreements shall also guarantee that upon the termination of such joint use, each subsequent use of the premises will provide off-street parking facilities for its own use in accordance with all requirements of this section. The Zoning Board of Appeals may also permit the substitution of space on another lot under certain conditions where, by reasons of difficult topography or abnormal shape of lot, strict compliance with the minimum off-street parking requirements specified in this chapter or in particular cases found to be necessary and so ordered by the Planning Board or by the Board of Appeals cannot be attained on the lot to which such space would be appurtenant. The Board of Appeals, after notice and hearing and upon recommendation of the Planning Board, may permit the substitution therefor of equivalent off-street parking space on another lot in the same ownership or under lease for a term of not less than five years, the entrance to which is not over 300 feet by normal pedestrian travel from the building or use to which such off-street parking space is appurtenant, and if such alternate off-street parking space is authorized, such space shall be deemed to be required open space appurtenant to such building or use and thereafter may not be used for any other purpose unless other alternative space complying with this subsection is substituted therefor and approved by the Board of Appeals. In no event shall such parking and/or loading spaces for a nonresidential use be so located without approval of the Zoning Board of Appeals.
- (2) Size of parking spaces. Each parking space shall be at least nine feet wide and 18 feet long. If enclosed, the Planning Board may require the size of the space to be increased for maneuverability.
- (3) Additional standards as to size and location. Off-street parking spaces shall be set back from any side-street line a distance equal to the front yard requirements on such side street unless lots are back to back, in which case they shall be set back 15 feet. Enclosed parking structures and paved parking areas shall constitute an accessory building and shall conform to the required setback requirements for the applicable zoning district as delineated in the Tarrytown Zoning Schedule. Notwithstanding the provisions of Subsection C(1) and (2):
 - (a) Parking units required for one-family dwellings may be reduced in width to eight feet and may be provided in accessory garages or carports or in a side or rear yard or in a driveway not less than eight feet nor more than 30 feet in width or in a combination thereof but may

3 A, B

not otherwise encroach upon a required front yard, and the driveway may not be less than five feet from any side or rear lot line, except in any R-5 District.

- (b) Parking units for all other uses shall be nine feet in width and may not encroach upon a required front yard. No driveway accessory to such uses shall be closer than 10 feet to any side or rear lot line. No parking space or parking area other than approved entrance and exit drives shall be permitted in any front yard.
- (c) A required front, side or rear yard shall be defined as the minimum yard required for the applicable zoning district as delineated in the Tarrytown Zoning Schedule.
- (4) Grades, drainage, paving and marking. Required off-street parking facilities may be enclosed in a structure or may be open, except as required specifically herein or by the Planning Board in site plan review. All required parking facilities shall be graded, surfaced, drained and maintained throughout the duration of their use to the extent necessary to avoid nuisances of dust, erosion or excessive water flow across public ways or adjacent lands. The maximum slope within a parking area shall not exceed 5%. In multifamily residential developments and in nonresidential developments, the Planning Board shall require the provision of suitable markings to indicate individual parking spaces, maneuvering area, entrances and exits.
- (5) Parking and loading area landscaping. Except for parking spaces accessory to a one-, two- or three-family dwelling, all off-street parking areas shall be developed in accordance with Planning Board site plan approval and guidelines established by the Planning Board.
 - (a) Notwithstanding the above provisions in this subsection, where an off-street parking area in any business or multifamily residence district adjoins a one-family residence district or is adjacent to a street, park or other public open space, there shall be a suitably maintained landscaped strip of a width specified in Subsection C(5)(c), below. Each such landscaped strip shall consist of an evergreen hedge, wall or fence not less than two feet in height, located at the inner edge of such required landscaped strip, exclusive of entrances and exits, and in front or outside of any such wall or fence there shall be a planting screen of shrubbery not less than four feet in width, at least 1/2 of which shall consist of evergreens not less than two feet in height. Each such landscaped strip shall be maintained by the property owner.
 - (b) The shrubbery shall be of sufficient density to conceal in midsummer of the year succeeding the planting thereof 25% of the vertical area of such wall or fence. Any portion of such landscaped strip not occupied by shrubbery shall be planted with a good quality grass seed or permanent plant cover such as ivy or pachysandra or similar growth and shall be kept free of trash, suitably watered except when prohibited in times of drought and suitably trimmed and maintained. Wherever motor vehicles are to be parked adjacent to such landscaped strip, there shall be a suitable curb or bumper guard, approved as to design and construction by the Code Enforcement Officer.
 - (c) Minimum widths of landscaped strips shall be:
 - [1] Along a street frontage, except as to entrances and exits: 10 feet.

- 2/3
- [2] Along any boundary abutting directly on a residence district, except as specified below: 10 feet.
- [3] Along any boundary of a multifamily residence use, the adjacent portion of which is used for the parking of passenger vehicles or for access and turning areas appurtenant thereto: five feet.
- (6) Traffic circulation. In order to encourage safe and convenient traffic circulation, the Planning Board may require the interconnection of parking areas via access drives within and between one or more adjacent lots. The Board shall require written assurance and/or deed restrictions, satisfactory to the Village Attorney, binding the owners and their heirs and assignees to permit and maintain such internal access, circulation and inter-use of parking facilities by the users of the facilities.
- (7) Miscellaneous parking requirements.
- (a) Deemed required open space. Such off-street parking and off-street loading space, together with the necessary entrances, exits, passageways, turning areas and landscaped borders, shall be deemed to be required open space on the lot on which it is situated and shall not thereafter be encroached upon or reduced in any manner except as specified in Subsection C(7)(b) below.
- (b) On application by the owner or lessee or in the course of site plan review and recommendation by the Planning Board and after due notice and hearing, if the Board of Appeals shall find that the minimum off-street parking space specified for any use by this chapter is, in a particular case, in excess of the number required to comply with Subsection D, Schedule of Off-Street Parking Requirements, it may, in such case and subject to such conditions as it may impose, waive temporarily the construction of such number of units so found to be in excess of those so required, but the land necessary to provide the parking units, temporarily waived, and the access and turning areas appurtenant thereto shall not be built upon but shall be deemed to be required open space to be kept available for the construction of the required parking units, temporarily waived, and the Board of Appeals shall have the power, after notice and hearing, to rescind such waiver when, in its judgment, the public interest so requires.
- (c) With respect to any use for which the required parking units are not specifically set forth in this chapter or upon recommendation of the Planning Board, the Board of Appeals shall determine the number of off-street parking units which will bear a reasonable relation to the minimum off-street requirements for specified uses as set forth in the schedule and shall require that such number of units be provided.
- (d) Parking fund.
- [1] Upon the establishment of a parking fund for the RR Restricted Retail Zone by the Village Board of Trustees, should the Planning Board or the Zoning Board of Appeals, depending upon which of these two Village agencies is responsible for the review and approval of the particular parking requirement, determine that such parking requirement cannot be fulfilled because the applicant does not have land on site available for parking or

3A, B

has land on site that cannot be accessed from public rights-of-way, said Board ~~may~~ **shall** require a monetary contribution in lieu of the provision of parking spaces, up to a maximum of 15 parking spaces. **If the Planning Board application requires payment into the parking fund in lieu of the provision of parking spaces and such parking fund payment as detailed herein is a condition of a Planning Board approval, the applicant shall not also be required to seek a variance for parking from the Zoning Board of Appeals.** The amount to be placed in the parking fund shall be as follows:

- [a] From one to five parking spaces: \$1,000 per parking space.
- [b] From six to 10 parking spaces: \$2,000 per parking space.
- [c] From 11 to 15 parking spaces: \$3,000 per parking space.
- [2] These procedures shall be limited to the off-street requirements within the RR Restricted Retail Zone. The parking fund, when established, shall be used exclusively for the creation of new parking in the downtown commercial area or for the maintenance of the existing parking in the downtown commercial area.
- (e) **Notwithstanding § 305-132A(1) and provided no changes or modifications are proposed to the site, in ~~In~~ the RR Restricted Retail Zone, if the Building Inspector finds that a change of use or occupancy within a six-month time period from the previous use will not require an increase of more than five off-street parking or loading spaces beyond that required for the previous use, or in the number of spaces actually approved for construction to serve the use, and the applicant does not have land available on-site for parking or has land on-site that cannot be accessed from public rights-of-way, site plan approval requirements may be waived by the Building Inspector. If the Building Inspector determines that site plan approval is not required, the parking requirements under this chapter shall be deemed fulfilled with no requirement for the applicant to seek a parking variance from the Zoning Board of Appeals.** The decision of the Building Inspector can first be reviewed by the Village Administrator and then by the Planning Board.
- (f) In MU Zones, parking and loading spaces and all paved internal roads shall be subject to additional setbacks from the property lines, as specified in § 305-129.

Section 4: Severability

If the provisions of any article, section, subsection, paragraph, subdivision or clause of this local law shall be judged invalid by a court of competent jurisdiction, such order of judgment shall not affect or invalidate the remainder of any article, section, subsection, paragraph, subdivision or clause of this local law.

Section 5. Effective Date

This **local** law shall take effect immediately upon filing in the office of the New York State Secretary of State in accordance with Section 27 of the Municipal Home Rule Law.

Full Environmental Assessment Form
Part 2 - Identification of Potential Project Impacts

Agency Use Only [If applicable]

Project : Text Changes for Seabacks & Parking Fees
 Date : 8/5/23

3A
B

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency and the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please complete all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to large impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action".
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

1. Impact on Land			
Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1. D.1)		<input checked="" type="checkbox"/> NO	<input type="checkbox"/> YES
<i>If "Yes", answer questions a - j. If "No", move on to Section 2.</i>			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may involve construction on land where depth to water table is less than 3 feet.	E2d	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may involve construction on slopes of 15% or greater.	E2f	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may involve construction on land where bedrock is exposed, or generally within 5 feet of existing ground surface.	E2a	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may involve the excavation and removal of more than 1,000 tons of natural material.	D2a	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may involve construction that continues for more than one year or in multiple phases.	D1e	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may result in increased erosion, whether from physical disturbance or vegetation removal (including from treatment by herbicides).	D2e, D2q	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action is, or may be, located within a Coastal Erosion hazard area.	B1i	<input type="checkbox"/>	<input type="checkbox"/>
h. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>

3A, B

2. Impact on Geological Features
 The proposed action may result in the modification or destruction of, or inhibit access to, any unique or unusual land forms on the site (e.g., cliffs, dunes, minerals, fossils, caves). (See Part 1. E.2.g) NO YES
If "Yes", answer questions a - c. If "No", move on to Section 3.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Identify the specific land form(s) attached: _____	E2g	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may affect or is adjacent to a geological feature listed as a registered National Natural Landmark. Specific feature: _____	E3c	<input type="checkbox"/>	<input type="checkbox"/>
c. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>

3. Impacts on Surface Water
 The proposed action may affect one or more wetlands or other surface water bodies (e.g., streams, rivers, ponds or lakes). (See Part 1. D.2, E.2.h) NO YES
If "Yes", answer questions a - l. If "No", move on to Section 4.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may create a new water body.	D2b, D1h	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in an increase or decrease of over 10% or more than a 10 acre increase or decrease in the surface area of any body of water.	D2b	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may involve dredging more than 100 cubic yards of material from a wetland or water body.	D2a	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may involve construction within or adjoining a freshwater or tidal wetland, or in the bed or banks of any other water body.	E2h	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may create turbidity in a waterbody, either from upland erosion, runoff or by disturbing bottom sediments.	D2a, D2h	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may include construction of one or more intake(s) for withdrawal of water from surface water.	D2c	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may include construction of one or more outfall(s) for discharge of wastewater to surface water(s).	D2d	<input type="checkbox"/>	<input type="checkbox"/>
h. The proposed action may cause soil erosion, or otherwise create a source of stormwater discharge that may lead to siltation or other degradation of receiving water bodies.	D2e	<input type="checkbox"/>	<input type="checkbox"/>
i. The proposed action may affect the water quality of any water bodies within or downstream of the site of the proposed action.	E2h	<input type="checkbox"/>	<input type="checkbox"/>
j. The proposed action may involve the application of pesticides or herbicides in or around any water body.	D2q, E2h	<input type="checkbox"/>	<input type="checkbox"/>
k. The proposed action may require the construction of new, or expansion of existing, wastewater treatment facilities.	D1a, D2d	<input type="checkbox"/>	<input type="checkbox"/>

1. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>
-------------------------	--	--------------------------	--------------------------

31
A

4. Impact on groundwater
 The proposed action may result in new or additional use of ground water, or may have the potential to introduce contaminants to ground water or an aquifer. (See Part 1. D.2.a, D.2.c, D.2.d, D.2.p, D.2.q, D.2.t)
If "Yes", answer questions a - h. If "No", move on to Section 5.

NO YES

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may require new water supply wells, or create additional demand on supplies from existing water supply wells.	D2c	<input type="checkbox"/>	<input type="checkbox"/>
b. Water supply demand from the proposed action may exceed safe and sustainable withdrawal capacity rate of the local supply or aquifer. Cite Source: _____	D2c	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may allow or result in residential uses in areas without water and sewer services.	D1a, D2c	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may include or require wastewater discharged to groundwater.	D2d, E2l	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may result in the construction of water supply wells in locations where groundwater is, or is suspected to be, contaminated.	D2c, E1f, E1g, E1h	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may require the bulk storage of petroleum or chemical products over ground water or an aquifer.	D2p, E2l	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may involve the commercial application of pesticides within 100 feet of potable drinking water or irrigation sources.	E2h, D2q, E2l, D2c	<input type="checkbox"/>	<input type="checkbox"/>
h. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>

5. Impact on Flooding
 The proposed action may result in development on lands subject to flooding. (See Part 1. E.2)
If "Yes", answer questions a - g. If "No", move on to Section 6.

NO YES

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in development in a designated floodway.	E2i	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in development within a 100 year floodplain.	E2j	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may result in development within a 500 year floodplain.	E2k	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may result in, or require, modification of existing drainage patterns.	D2b, D2e	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may change flood water flows that contribute to flooding.	D2b, E2i, E2j, E2k	<input type="checkbox"/>	<input type="checkbox"/>
f. If there is a dam located on the site of the proposed action, is the dam in need of repair, or upgrade?	E1e	<input type="checkbox"/>	<input type="checkbox"/>

3A/B

g. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>
-------------------------	--	--------------------------	--------------------------

6. Impacts on Air			
The proposed action may include a state regulated air emission source. (See Part 1. D.2.f., D.2.h, D.2.g) <i>If "Yes", answer questions a - f. If "No", move on to Section 7.</i>		<input checked="" type="checkbox"/> NO	<input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. If the proposed action requires federal or state air emission permits, the action may also emit one or more greenhouse gases at or above the following levels:			
i. More than 1000 tons/year of carbon dioxide (CO ₂)	D2g	<input type="checkbox"/>	<input type="checkbox"/>
ii. More than 3.5 tons/year of nitrous oxide (N ₂ O)	D2g	<input type="checkbox"/>	<input type="checkbox"/>
iii. More than 1000 tons/year of carbon equivalent of perfluorocarbons (PFCs)	D2g	<input type="checkbox"/>	<input type="checkbox"/>
iv. More than .045 tons/year of sulfur hexafluoride (SF ₆)	D2g	<input type="checkbox"/>	<input type="checkbox"/>
v. More than 1000 tons/year of carbon dioxide equivalent of hydrochloroflourocarbons (HFCs) emissions	D2g	<input type="checkbox"/>	<input type="checkbox"/>
vi. 43 tons/year or more of methane	D2h	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may generate 10 tons/year or more of any one designated hazardous air pollutant, or 25 tons/year or more of any combination of such hazardous air pollutants.	D2g	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may require a state air registration, or may produce an emissions rate of total contaminants that may exceed 5 lbs. per hour, or may include a heat source capable of producing more than 10 million BTU's per hour.	D2f, D2g	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may reach 50% of any of the thresholds in "a" through "c", above.	D2g	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may result in the combustion or thermal treatment of more than 1 ton of refuse per hour.	D2s	<input type="checkbox"/>	<input type="checkbox"/>
f. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>

7. Impact on Plants and Animals			
The proposed action may result in a loss of flora or fauna. (See Part 1. E.2. m.-q.) <i>If "Yes", answer questions a - j. If "No", move on to Section 8.</i>		<input checked="" type="checkbox"/> NO	<input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may cause reduction in population or loss of individuals of any threatened or endangered species, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2o	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in a reduction or degradation of any habitat used by any rare, threatened or endangered species, as listed by New York State or the federal government.	E2o	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may cause reduction in population, or loss of individuals, of any species of special concern or conservation need, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2p	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may result in a reduction or degradation of any habitat used by any species of special concern and conservation need, as listed by New York State or the Federal government.	E2p	<input type="checkbox"/>	<input type="checkbox"/>

3/1
A

e. The proposed action may diminish the capacity of a registered National Natural Landmark to support the biological community it was established to protect.	E3c	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may result in the removal of, or ground disturbance in, any portion of a designated significant natural community. Source: _____	E2n	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action may substantially interfere with nesting/breeding, foraging, or over-wintering habitat for the predominant species that occupy or use the project site.	E2m	<input type="checkbox"/>	<input type="checkbox"/>
h. The proposed action requires the conversion of more than 10 acres of forest, grassland or any other regionally or locally important habitat. Habitat type & information source: _____	E1b	<input type="checkbox"/>	<input type="checkbox"/>
i. Proposed action (commercial, industrial or recreational projects, only) involves use of herbicides or pesticides.	D2q	<input type="checkbox"/>	<input type="checkbox"/>
j. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>

8. Impact on Agricultural Resources			
The proposed action may impact agricultural resources. (See Part 1. E.3.a. and b.)		<input checked="" type="checkbox"/> NO	<input type="checkbox"/> YES
<i>If "Yes", answer questions a - h. If "No", move on to Section 9.</i>			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may impact soil classified within soil group 1 through 4 of the NYS Land Classification System.	E2c, E3b	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may sever, cross or otherwise limit access to agricultural land (includes cropland, hayfields, pasture, vineyard, orchard, etc).	E1a, E1b	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may result in the excavation or compaction of the soil profile of active agricultural land.	E3b	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may irreversibly convert agricultural land to non-agricultural uses, either more than 2.5 acres if located in an Agricultural District, or more than 10 acres if not within an Agricultural District.	E1b, E3a	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may disrupt or prevent installation of an agricultural land management system.	E1 a, E1b	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action may result, directly or indirectly, in increased development potential or pressure on farmland.	C2c, C3, D2c, D2d	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed project is not consistent with the adopted municipal Farmland Protection Plan.	C2c	<input type="checkbox"/>	<input type="checkbox"/>
h. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>

3A, B

9. Impact on Aesthetic Resources The land use of the proposed action are obviously different from, or are in sharp contrast to, current land use patterns between the proposed project and a scenic or aesthetic resource. (Part 1. E.1.a, E.1.b, E.3.h.) <i>If "Yes", answer questions a - g. If "No", go to Section 10.</i>			
		<input checked="" type="checkbox"/> NO	<input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Proposed action may be visible from any officially designated federal, state, or local scenic or aesthetic resource.	E3h	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in the obstruction, elimination or significant screening of one or more officially designated scenic views.	E3h, C2b	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may be visible from publicly accessible vantage points: i. Seasonally (e.g., screened by summer foliage, but visible during other seasons) ii. Year round	E3h	<input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/>
d. The situation or activity in which viewers are engaged while viewing the proposed action is: i. Routine travel by residents, including travel to and from work ii. Recreational or tourism based activities	E3h E2q, E1c	<input type="checkbox"/> <input type="checkbox"/>	<input type="checkbox"/> <input type="checkbox"/>
e. The proposed action may cause a diminishment of the public enjoyment and appreciation of the designated aesthetic resource.	E3h	<input type="checkbox"/>	<input type="checkbox"/>
f. There are similar projects visible within the following distance of the proposed project: 0-1/2 mile 1/2 -3 mile 3-5 mile 5+ mile	D1a, E1a, D1f, D1g	<input type="checkbox"/>	<input type="checkbox"/>
g. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>

10. Impact on Historic and Archeological Resources The proposed action may occur in or adjacent to a historic or archaeological resource. (Part 1. E.3.e, f. and g.) <i>If "Yes", answer questions a - e. If "No", go to Section 11.</i>			
		<input checked="" type="checkbox"/> NO	<input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may occur wholly or partially within, or substantially contiguous to, any buildings, archaeological site or district which is listed on the National or State Register of Historical Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places.	E3e	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may occur wholly or partially within, or substantially contiguous to, an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory.	E3f	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may occur wholly or partially within, or substantially contiguous to, an archaeological site not included on the NY SHPO inventory. Source: _____	E3g	<input type="checkbox"/>	<input type="checkbox"/>

3A
B

d. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>
e. If any of the above (a-d) are answered "Moderate to large impact may occur", continue with the following questions to help support conclusions in Part 3:			
i. The proposed action may result in the destruction or alteration of all or part of the site or property.	E3e, E3g, E3f	<input type="checkbox"/>	<input type="checkbox"/>
ii. The proposed action may result in the alteration of the property's setting or integrity.	E3e, E3f, E3g, E1a, E1b	<input type="checkbox"/>	<input type="checkbox"/>
iii. The proposed action may result in the introduction of visual elements which are out of character with the site or property, or may alter its setting.	E3e, E3f, E3g, E3h, C2, C3	<input type="checkbox"/>	<input type="checkbox"/>

11. Impact on Open Space and Recreation

The proposed action may result in a loss of recreational opportunities or a reduction of an open space resource as designated in any adopted municipal open space plan.

NO

YES

(See Part I. C.2.c, E.1.c., E.2.q.)

If "Yes", answer questions a - e. If "No", go to Section 12.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in an impairment of natural functions, or "ecosystem services", provided by an undeveloped area, including but not limited to stormwater storage, nutrient cycling, wildlife habitat.	D2e, E1b E2h, E2m, E2o, E2n, E2p	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in the loss of a current or future recreational resource.	C2a, E1c, C2c, E2q	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may eliminate open space or recreational resource in an area with few such resources.	C2a, C2c E1c, E2q	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may result in loss of an area now used informally by the community as an open space resource.	C2c, E1c	<input type="checkbox"/>	<input type="checkbox"/>
e. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>

12. Impact on Critical Environmental Areas

The proposed action may be located within or adjacent to a critical environmental area (CEA). (See Part I. E.3.d)

NO

YES

If "Yes", answer questions a - c. If "No", go to Section 13.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in a reduction in the quantity of the resource or characteristic which was the basis for designation of the CEA.	E3d	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in a reduction in the quality of the resource or characteristic which was the basis for designation of the CEA.	E3d	<input type="checkbox"/>	<input type="checkbox"/>
c. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>

3A, B

13. Impact on Transportation
 The proposed action may result in a change to existing transportation systems. NO YES
 (See Part 1. D.2.j)
 If "Yes", answer questions a - f. If "No", go to Section 14.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Projected traffic increase may exceed capacity of existing road network.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in the construction of paved parking area for 500 or more vehicles.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action will degrade existing transit access.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action will degrade existing pedestrian or bicycle accommodations.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may alter the present pattern of movement of people or goods.	D2j	<input type="checkbox"/>	<input type="checkbox"/>
f. Other impacts: <u>There are no changes being made to the payment fee in lieu of parking</u> and ensures that a process remains in place through the Planning Board for implementation.		<input type="checkbox"/>	<input type="checkbox"/>

14. Impact on Energy
 The proposed action may cause an increase in the use of any form of energy. NO YES
 (See Part 1. D.2.k)
 If "Yes", answer questions a - e. If "No", go to Section 15.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action will require a new, or an upgrade to an existing, substation.	D2k	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action will require the creation or extension of an energy transmission or supply system to serve more than 50 single or two-family residences or to serve a commercial or industrial use.	D1f, D1q, D2k	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may utilize more than 2,500 MWhrs per year of electricity.	D2k	<input type="checkbox"/>	<input type="checkbox"/>
d. The proposed action may involve heating and/or cooling of more than 100,000 square feet of building area when completed.	D1g	<input type="checkbox"/>	<input type="checkbox"/>
e. Other Impacts: _____			

15. Impact on Noise, Odor, and Light
 The proposed action may result in an increase in noise, odors, or outdoor lighting. NO YES
 (See Part 1. D.2.m., n., and o.)
 If "Yes", answer questions a - f. If "No", go to Section 16.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may produce sound above noise levels established by local regulation.	D2m	<input type="checkbox"/>	<input type="checkbox"/>
b. The proposed action may result in blasting within 1,500 feet of any residence, hospital, school, licensed day care center, or nursing home.	D2m, E1d	<input type="checkbox"/>	<input type="checkbox"/>
c. The proposed action may result in routine odors for more than one hour per day.	D2o	<input type="checkbox"/>	<input type="checkbox"/>

d. The proposed action may result in light shining onto adjoining properties.	D2n	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may result in lighting creating sky-glow brighter than existing area conditions.	D2n, E1a	<input type="checkbox"/>	<input type="checkbox"/>
f. Other impacts: _____		<input type="checkbox"/>	<input type="checkbox"/>

31
B

16. Impact on Human Health

The proposed action may have an impact on human health from exposure to new or existing sources of contaminants. (See Part 1.D.2.q., E.1. d. f. g. and h.)

NO

YES

If "Yes", answer questions a - m. If "No", go to Section 17.

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action is located within 1500 feet of a school, hospital, licensed day care center, group home, nursing home or retirement community.	E1d	<input type="checkbox"/>	<input type="checkbox"/>
b. The site of the proposed action is currently undergoing remediation.	E1g, E1h	<input type="checkbox"/>	<input type="checkbox"/>
c. There is a completed emergency spill remediation, or a completed environmental site remediation on, or adjacent to, the site of the proposed action.	E1g, E1h	<input type="checkbox"/>	<input type="checkbox"/>
d. The site of the action is subject to an institutional control limiting the use of the property (e.g., easement or deed restriction).	E1g, E1h	<input type="checkbox"/>	<input type="checkbox"/>
e. The proposed action may affect institutional control measures that were put in place to ensure that the site remains protective of the environment and human health.	E1g, E1h	<input type="checkbox"/>	<input type="checkbox"/>
f. The proposed action has adequate control measures in place to ensure that future generation, treatment and/or disposal of hazardous wastes will be protective of the environment and human health.	D2t	<input type="checkbox"/>	<input type="checkbox"/>
g. The proposed action involves construction or modification of a solid waste management facility.	D2q, E1f	<input type="checkbox"/>	<input type="checkbox"/>
h. The proposed action may result in the unearthing of solid or hazardous waste.	D2q, E1f	<input type="checkbox"/>	<input type="checkbox"/>
i. The proposed action may result in an increase in the rate of disposal, or processing, of solid waste.	D2r, D2s	<input type="checkbox"/>	<input type="checkbox"/>
j. The proposed action may result in excavation or other disturbance within 2000 feet of a site used for the disposal of solid or hazardous waste.	E1f, E1g E1h	<input type="checkbox"/>	<input type="checkbox"/>
k. The proposed action may result in the migration of explosive gases from a landfill site to adjacent off site structures.	E1f, E1g	<input type="checkbox"/>	<input type="checkbox"/>
l. The proposed action may result in the release of contaminated leachate from the project site.	D2s, E1f, D2r	<input type="checkbox"/>	<input type="checkbox"/>
m. Other impacts: _____			

3 A, B

17. Consistency with Community Plans The proposed action is not consistent with adopted land use plans. (See Part 1. C.1, C.2. and C.3.) <i>If "Yes", answer questions a - h. If "No", go to Section 18.</i>				<input checked="" type="checkbox"/> NO	<input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur		
a. The proposed action's land use components may be different from, or in sharp contrast to, current surrounding land use pattern(s).	C2, C3, D1a E1a, E1b	<input type="checkbox"/>	<input type="checkbox"/>		
b. The proposed action will cause the permanent population of the city, town or village in which the project is located to grow by more than 5%.	C2	<input type="checkbox"/>	<input type="checkbox"/>		
c. The proposed action is inconsistent with local land use plans or zoning regulations.	C2, C2, C3	<input type="checkbox"/>	<input type="checkbox"/>		
d. The proposed action is inconsistent with any County plans, or other regional land use plans.	C2, C2	<input type="checkbox"/>	<input type="checkbox"/>		
e. The proposed action may cause a change in the density of development that is not supported by existing infrastructure or is distant from existing infrastructure.	C3, D1c, D1d, D1f, D1d, E1b	<input type="checkbox"/>	<input type="checkbox"/>		
f. The proposed action is located in an area characterized by low density development that will require new or expanded public infrastructure.	C4, D2c, D2d D2j	<input type="checkbox"/>	<input type="checkbox"/>		
g. The proposed action may induce secondary development impacts (e.g., residential or commercial development not included in the proposed action)	C2a	<input type="checkbox"/>	<input type="checkbox"/>		
h. Other: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>		

18. Consistency with Community Character The proposed project is inconsistent with the existing community character. (See Part 1. C.2, C.3, D.2, E.3) <i>If "Yes", answer questions a - g. If "No", proceed to Part 3.</i>				<input checked="" type="checkbox"/> NO	<input type="checkbox"/> YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur		
a. The proposed action may replace or eliminate existing facilities, structures, or areas of historic importance to the community.	E3e, E3f, E3g	<input type="checkbox"/>	<input type="checkbox"/>		
b. The proposed action may create a demand for additional community services (e.g. schools, police and fire)	C4	<input type="checkbox"/>	<input type="checkbox"/>		
c. The proposed action may displace affordable or low-income housing in an area where there is a shortage of such housing.	C2, C3, D1f D1g, E1a	<input type="checkbox"/>	<input type="checkbox"/>		
d. The proposed action may interfere with the use or enjoyment of officially recognized or designated public resources.	C2, E3	<input type="checkbox"/>	<input type="checkbox"/>		
e. The proposed action is inconsistent with the predominant architectural scale and character.	C2, C3	<input type="checkbox"/>	<input type="checkbox"/>		
f. Proposed action is inconsistent with the character of the existing natural landscape.	C2, C3 E1a, E1b E2g, E2h	<input type="checkbox"/>	<input type="checkbox"/>		
g. Other impacts: _____ _____		<input type="checkbox"/>	<input type="checkbox"/>		

PRINT FULL FORM

Full Environmental Assessment Form
Part 3 - Evaluation of the Magnitude and Importance of Project Impacts
and
Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

The proposed action is legislation that includes the following text changes: 1) a change in the setback requirements for mechanical equipment which would allow mechanical equipment to be placed within 3' in side and rear yards; 2) change in setback requirements for accessory structures such as storage sheds to permit them within side and rear yards within 3' of the property line. Such structures would be limited to 100 sf in size and no more than 12' in height; 3) a change in the process implementing payment fees in lieu of parking in the RR district for those businesses that have inadequate parking to meet zoning requirements. The proposed text changes will assist in the streamlining of the Village's Code to make it more timely, less complicated, more understandable and less costly for applicants. This will serve to make more effective use of limited resources and have a better outcome for applicants and land use board members. In regard to the process for the payment of fees in lieu of parking, the proposed legislation would eliminate the necessity for obtaining a parking variance from the ZBA while ensuring that the process remains through the Planning Board for payment in lieu of parking in the RR (Restricted Retail) zone. The fee structure for the Parking Fund has not been changed.

Setback Requirements - Mechanical Equipment

This provision concerns mechanical equipment for heating and/or cooling for a residential dwelling. This provision does not include a generator due to potential noise issues. The mechanical equipment shall not exceed 12 sf in size and not be permitted in the front yard. Mechanical equipment would be allowed no nearer than 3' to any side or rear yard. The equipment shall not discharge any air onto an adjacent property. The equipment shall not emit noise exceeding 62 decibels at 1 foot from the unit.

Setback requirements - Sheds/Toolhouses and Child's Playhouse

These accessory structures are not permitted in front yards and not nearer than 3' to any side or rear yard. The size is limited to 100 sf which is in alignment with other existing size limits for similar uses in the Code. The height is limited to 12' which is the same as other Village codes. This size and height of the shed is easily available at Home Improvement Centers and other retail outlets.

Side or Rear Stairs - Side or rear stairs which are no higher than grade level and attached to the principal building are allowed if not nearer than 3' to any side or rear lot line. All of these structures share the same standard 3' setbacks for side or rear yards. It eliminates the need to place these improvements in the middle of the yard which becomes more intrusive. These are minor improvements which can be sited with standard 3' setbacks and are reasonable setbacks for such improvements. The proposed changes can reduce the need for area variances for these types of minor improvements.

Parking Fee in lieu - The Parking Fee in lieu of parking applies to the RR (Restricted Retail) zone. The RR zoning covers the northwest of the Village within the Tarrytown Station Center and downtown Main Street and Broadway. The proposed legislation maintains the existing sliding scale and current fee structure for the Parking Fund. If the Planning Board requires payment into the parking fund as a condition of approval as part of its site plan review, there will be no requirement for applicant to seek a parking variance from the ZBA. The proposed legislation would eliminate this extra step of appearing before the ZBA. The legislation maintains the process for the payment fee in lieu, but it is done in the Planning Board with their site plan approval. This eliminates the extra cost and time for the business.

Based on the Planning Board's review of the proposed legislation, the Consulting Planner's Narrative dated 8/5/23 and the review of Part 2 of the EAF, the proposed action is not expected to result in any significant adverse environmental impact that would rise to the level of significance required for a Positive Declaration.

Determination of Significance - Type 1 and Unlisted Actions

SEQR Status: Type 1 Unlisted

Identify portions of EAF completed for this Project: Part 1 Part 2 Part 3

3A1B

Upon review of the information recorded on this EAF, as noted, plus this additional support information
Proposed Legislation. Consulting Planner Narrative: Proposed Legislation dated 8/5/23

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the
Village of Tarrytown Board of Trustees as lead agency that:

A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.

Name of Action: Text Change for mechanical equipment setbacks, setback requirements for accessory structures and Process for payment fees in lle

Name of Lead Agency: Village of Tarrytown Board of Trustees

Name of Responsible Officer in Lead Agency: Ms. Karen Brown

Title of Responsible Officer: Mayor

Signature of Responsible Officer in Lead Agency: _____ Date: _____

Signature of Preparer (if different from Responsible Officer) Robert Galvin, AICP Consulting Planner Date: 8/6/23

LOCAL LAW __ - 2023

A local law to amend Chapter 259-49 of the Tarrytown Code, to amend the language regarding grasses and other plants that are allowed between the curb and sidewalk

Section 1. Amending § 259 Streets and Sidewalks, Article XIV Miscellaneous Provisions, Section 49 entitled “Maintenance of sidewalk area.” as detailed below.

Section 2. Deleting the current language in Section 259-49:

The owner and occupant of each and every premises within the Village shall keep the adjacent sidewalk area between the curb and property line free from brush, weeds, long grass, rubbish and other materials and shall keep the grass thereon cut.

Section 3. Replacing the current language in Section 259-49 with the following language:

Maintenance - The owner and occupant of each and every premises within the Village shall keep the adjacent sidewalk area between the curb and property line in good care, free from brush, weeds, long grass, rubbish and other materials and shall keep the grass and other low-growing plants thereon cut. The following details plants and lawn-type flowers that are allowed or prohibited.

- A. Allowed plants between curbs and sidewalks – This includes lawn grasses and other lawn-type low growing plants that do not exceed four to six inches (4” – 6”) in height, which do not create a tripping or entanglement hazard. Examples of allowed plants includes but is not limited to lawn-grasses, mosses, clovers and other plants such as sporadically spaced bulb-flowers to naturalize a lawn area such as crocuses, snow drops and other similar plants.
- B. Prohibited plants between curbs and sidewalks – This includes plants that may create a barrier, trip hazard or entanglement hazard and are prohibited between the curb and the sidewalk. Such plants include but are not limited to shrubs, decorative plants, grasses and flowers that exceed six inches in height, vines and other similar plants. This also includes noxious or poisonous plants such as poison ivy, poison oak, stinging nettles and other plants that could cause injury to persons entering and exiting vehicles, or crossing between the sidewalk and the street.

Section 4: Severability

If the provisions of any article, section, subsection, paragraph, subdivision or clause of this local law shall be judged invalid by a court of competent jurisdiction, such order of judgment shall not affect or invalidate the remainder of any article, section, subsection, paragraph, subdivision or clause of this local law.

Section 5: Effective Date

This local law shall take effect immediately upon filing in the office of the New York State Secretary of State in accordance with Section 27 of the Municipal Home Rule Law.

LOCAL LAW __ - 2023

A local law to amend Chapter 259 entitled "Streets and Sidewalks" of the Tarrytown Code to amend Article XII and add private roads to the list of properties that must be maintained.

Section 1. Amending § 259-35 entitled "Maintenance Required", deleting it in its entirety and replacing it with the following language:

Old language:

It shall be the duty of every property owner or occupant to keep the sidewalk and curb adjoining his premises in safe, passable condition.

New Language:

It shall be the duty of every property owner or occupant to keep the sidewalk and curb adjoining his premises in safe, passable condition.

It shall also be the duty of every property owner or responsible entity to keep the private road under their ownership, authority or control in safe, passable condition.

Section 2. Amending § 259-36 entitled "Failure to make repairs", deleting it in its entirety and replacing it with the following language:

Old language:

For failure, upon notice by the Superintendent of Public Works or their designee of not less than 24 hours, to make such repairs as are specified as to place and manner, the Board of Trustees may cause the same to be done and may assess the expense thereof upon the adjoining land

New Language:

For failure, upon notice by the Superintendent of Public Works or their designee of not less than 24 hours, to make such repairs as are specified as to place and manner, the Board of Trustees may cause the same to be done and may assess the expense thereof upon the adjoining land, or to the owner or entity responsible for such property.

Section 3: Severability

If the provisions of any article, section, subsection, paragraph, subdivision or clause of this local law shall be judged invalid by a court of competent jurisdiction, such order of judgment shall not affect or invalidate the remainder of any article, section, subsection, paragraph, subdivision or clause of this local law.

Section 4: Effective Date

This local law shall take effect immediately upon filing in the office of the New York State Secretary of State in accordance with Section 27 of the Municipal Home Rule Law.
